---

## Summary

Detail-oriented and passionate programmer with over 5 years of experience in software development and a strong focus on building efficient, scalable applications. Proficient in a diverse range of technologies, including **Machine Learning**, **Angular**, and **TypeScript**. Adept at collaborating with cross-functional teams and delivering projects on time. Seeking to leverage expertise in a challenging programming role where I can contribute to impactful projects.

---

## Experience

### Senior Software Engineer

**Tech Innovations Inc.** - Cairo, Egypt

*January 2020 - Present*

- Spearheaded the development of a **Microservices Architecture** for a high-traffic e-commerce platform, improving deployment speed by 30% and system reliability by 25%.
- Led a team of 5 developers in creating a complex **Web Application** utilizing **Angular** and **TypeScript**, resulting in a 40% increase in user engagement.
- Implemented **DevOps** practices that reduced the deployment time from days to hours, significantly enhancing the CI/CD pipeline efficiency.

### Software Developer

**NextGen Solutions** - Cairo, Egypt

*June 2018 - December 2019*

- Developed and maintained multiple RESTful APIs using **Flask** and **Django**,

improving data retrieval speed by 20%. - Collaborated with data scientists to deploy machine learning models in production, achieving a 15% increase in predictive accuracy. - Managed database systems using **MySQL**, ensuring optimal performance and reliability for various applications.

---

## Skills

- **Machine Learning**: Advanced
  - **Angular**: Advanced
  - **MySQL**: Intermediate
  - **DevOps**: Expert
  - **Django**: Beginner
  - **Git**: Advanced
  - **Rust**: Advanced
  - **TypeScript**: Expert
  - **Flask**: Beginner
- 

## Projects

### Microservices Architecture

- Designed and implemented a microservices architecture for an e-commerce platform, enabling independent deployment of services and reducing system downtime.
- Integrated various services using Docker and Kubernetes, facilitating seamless communication between services.

### Web Application

- Developed a responsive web application that supports real-time data visualization for financial analytics using **Angular** and **TypeScript**.
  - Collaborated with UX designers to enhance user experience, resulting in a 50% increase in customer satisfaction ratings.
-

## Certifications

- **Google Cloud Professional** - Google Cloud, 2021
- 

## Education

**Bachelor of Science in Computer Science**

**Cairo University** - Cairo, Egypt

*Graduated: May 2018*
