

Leslie Jackson

Email: jennifer13@example.org

Location: Warsaw, Poland

Summary

Dynamic and results-oriented programmer with over 5 years of experience in developing scalable web applications and implementing microservices architectures. Passionate about leveraging modern technologies to drive efficiency and deliver high-quality software solutions. Proven track record in collaborating with cross-functional teams to deliver projects on time and within budget.

Experience

Senior Software Engineer

Tech Innovations Inc., Warsaw, Poland

June 2021 – Present

- Led the development of a **Microservices Architecture** for a large-scale e-commerce platform, improving deployment times by 30% through effective containerization with **Docker**.
- Architected an **API Gateway** that streamlined service communication, reducing latency by 25%.
- Collaborated with data scientists to implement a **Machine Learning Pipeline** that increased prediction accuracy by 15%.

Software Engineer

Creative Solutions Ltd., Warsaw, Poland

January 2018 – May 2021

- Developed a **Data Analytics Dashboard** using **Vue.js** and **FastAPI**, enabling clients to visualize data insights, resulting in a 20% increase in user engagement.
 - Participated in the design and implementation of a full-stack **E-commerce Platform** using **MongoDB**, **Flask**, and **Django**.
 - Improved backend performance by optimizing database queries, leading to a 40% reduction in load times.
-

Skills

- **Rust** (Advanced)
 - **Go** (Expert)
 - **Vue.js** (Expert)
 - **Node.js** (Advanced)
 - **Python** (Intermediate)
 - **FastAPI** (Intermediate)
 - **Flask** (Intermediate)
 - **Django** (Beginner)
 - **MongoDB** (Intermediate)
 - **PostgreSQL** (Intermediate)
 - **Docker** (Intermediate)
 - **Git** (Beginner)
-

Projects

- **Microservices Architecture**: Designed and implemented a microservices solution that improved scalability and maintainability of legacy systems.
- **Data Analytics Dashboard**: Developed an interactive dashboard that visualizes key performance indicators, facilitating data-driven decisions for stakeholders.

- **API Gateway:** Built a robust API gateway that managed over 100,000 requests per day, providing seamless access to microservices.
 - **Machine Learning Pipeline:** Collaborated with data science teams to create a pipeline that automated data preprocessing and model deployment, enhancing analytical capabilities.
 - **E-commerce Platform:** Contributed to the development of a full-featured e-commerce site that supported thousands of concurrent users.
-

Education

Bachelor of Science in Computer Science

University of Warsaw, Warsaw, Poland

Graduated: June 2017

Certifications

- **Scrum Master Certification**, Scrum Alliance
 - **Microsoft Azure Developer**, Microsoft
-

Additional Information

- Actively participate in local tech meetups and contribute to open-source projects.
- Enthusiastic about continuous learning and staying updated with the latest technology trends.
