Summary

Dynamic and results-oriented software developer with over 5 years of experience in building scalable web and mobile applications. Proficient in a variety of programming languages and frameworks, with a strong focus on creating efficient, high-performance solutions. Adept at problem-solving and collaborating with cross-functional teams to deliver innovative products that enhance user experience. Passionate about leveraging technology to improve operations and drive business growth.

Experience

Senior Full Stack Developer

Tech Innovations Inc., Reyeschester

March 2021 - Present

- Led the development of a **web application** using **Angular** and **Django**, which increased user engagement by 30% through a more intuitive interface. - Implemented CI/CD pipelines with **Jenkins**, reducing deployment time by 40% and improving overall team efficiency. - Managed Kubernetes clusters to orchestrate containerized applications, achieving a 99.9% uptime for critical services. - Collaborated with data scientists to integrate **machine learning** models into applications, enhancing predictive analytics features.

Software Developer

Creative Solutions Ltd., Reyeschester

June 2018 - February 2021

- Developed a **mobile app** leveraging **Vue.js** and **Flask**, resulting in over 10,000 downloads within the first month of launch. - Engaged in Agile methodologies as a certified Scrum Master, facilitating sprint planning and retrospectives that improved team velocity by 25%. - Improved application performance by optimizing Redis caching strategies, which led to a 15% decrease in server response time.

Junior Developer

NextGen Technologies, Reyeschester

January 2016 - May 2018

- Contributed to various projects using **JavaScript** and **FastAPI**, building RESTful APIs that supported multiple client applications. - Assisted in the migration of legacy systems to **Kubernetes**, significantly enhancing scalability and resilience. - Developed internal tools using **Go**, focusing on enhancing team productivity through automation.

Skills

- **JavaScript** (Expert)
 - **Angular** (Advanced)
 - **Django** (Expert)
 - **FastAPI** (Advanced)
 - **Jenkins** (Advanced)
 - **Kubernetes** (Advanced)
 - **Vue.js** (Intermediate)
 - **Flask** (Intermediate)
 - **Redis** (Intermediate)
 - **Machine Learning** (Advanced)
 - **Go** (Beginner)
-

Projects

Web Application

- Developed a comprehensive web application for an e-commerce platform using **Angular** and **Django**. Integrated payment processing and user authentication, leading to a 50% increase in sales in the first quarter post-launch.

Mobile App

- Spearheaded the creation of a mobile application for a local business, utilizing **Vue.js** and **Flask**. The app provided users with real-time updates and notifications, resulting in a 40% increase in customer engagement.
-

Certifications

- **Certified Kubernetes Administrator**
 - **Microsoft Azure Developer**
 - **Scrum Master Certification**
-

Education

Bachelor of Science in Computer Science

University of Reyeschester, Graduated May 2015

- Relevant Coursework: Software Development, Database Management, Machine Learning, Web Technologies
