Summary

Passionate and results-driven software developer with over 5 years of experience in building scalable web applications and microservices. Proficient in a multitude of programming languages and frameworks, with a strong emphasis on cloud solutions and data analytics. I thrive in collaborative environments and am committed to delivering high-quality code while continuously improving my technical skills.

Experience

Senior Software Engineer

Tech Solutions Inc. - Warsaw, Poland

March 2021 - Present

- Led the development of a **Payment Processing System** that handled over 100,000 transactions per month, improving transaction speed by 30%.
- Designed and implemented a **Microservices Architecture** using Go and AWS, resulting in a 40% reduction in deployment time and increased system reliability.
- Collaborated with cross-functional teams to deploy a **Data Analytics Dashboard**, which provided real-time insights into customer behavior, enhancing decision-making processes.

Software Developer

Innovatech - Warsaw, Poland

June 2018 - February 2021

- Developed and maintained web applications using **Flask** and **Python**, optimizing code to reduce load time by 25%.
- Implemented robust database solutions using **PostgreSQL**, achieving a 99.9% uptime across all services.
- Actively participated in Agile methodologies, earning a **Scrum Master Certification** to facilitate team efficiency and project delivery.

Junior Developer

Future Apps - Warsaw, Poland

January 2017 - May 2018

- Assisted in the development of internal tools using **Java** and **React**, enhancing team productivity by 15%.
- Conducted data analysis and visualization projects, leveraging my **intermediate data science** skills to provide actionable insights to stakeholders.

Skills

- **AWS**: Advanced
 - **Go**: Advanced
 - **Python**: Expert
 - **Flask**: Advanced
 - **Java**: Intermediate
 - **PostgreSQL**: Intermediate
 - **React**: Beginner
 - **Data Science**: Intermediate
 - **TypeScript**: Intermediate
-

Projects

Payment Processing System

- Developed a secure payment gateway that integrates with various financial institutions, improving transaction efficiency and user experience.

Microservices Architecture

- Architected a microservices-based solution that allowed for independent scaling of services, significantly improving performance and fault tolerance.

Data Analytics Dashboard

- Created a dashboard that aggregates and visualizes data from multiple sources, enabling data-driven decision-making for marketing teams.
-

Education

Bachelor of Science in Computer Science

Warsaw University of Technology - Warsaw, Poland

Graduated: June 2016

Certifications

- **AWS Certified Solutions Architect**
 - **Scrum Master Certification**
 - **Microsoft Azure Developer**
-

Additional Information

- Fluent in English and Polish.
- Passionate about open-source contributions and regularly participate in coding challenges to enhance my skills.
