

Andrew Golden

Email: robert23@example.org

Location: New York, United States

Summary

Passionate and detail-oriented software developer with a strong foundation in building scalable applications and services. Proficient in **Kubernetes** and **Docker**, with a solid understanding of backend development using **Python** and **JavaScript**. Adept at collaborating in team environments and delivering high-quality code. Eager to leverage my skills in a challenging role that fosters growth and innovation.

Experience

Software Developer

Tech Innovations Inc. — New York, NY

June 2021 - Present

- Developed and maintained an **E-commerce Platform** using **FastAPI** and **Docker**, which increased user engagement by 30% within six months of launch.
- Implemented a robust **API Gateway** solution, streamlining communication between microservices, leading to a 40% decrease in response time for API requests.
- Collaborated with cross-functional teams to deliver a **Data Analytics Dashboard**, enabling data-driven decisions that improved sales strategies by 25%.
- Utilized **Kubernetes** for deployment and orchestration of services, enhancing system reliability and scalability.

Junior Developer

Web Solutions LLC — Remote

January 2020 - May 2021

- Assisted in developing a dynamic **Web Application** using **Node.js** and **Vue.js**, contributing to a 20% increase in customer satisfaction ratings.
 - Engaged in code reviews and collaborated with senior developers to enhance coding standards and practices.
 - Managed version control using **Git**, ensuring seamless integration and deployment processes across multiple projects.
-

Skills

- **Kubernetes**: Advanced
 - **Docker**: Advanced
 - **Python**: Intermediate
 - **JavaScript**: Intermediate
 - **Go**: Intermediate
 - **Node.js**: Intermediate
 - **FastAPI**: Intermediate
 - **MySQL**: Intermediate
 - **Git**: Intermediate
 - **TypeScript**: Beginner
 - **Vue.js**: Beginner
 - **Java**: Beginner
-

Projects

- **E-commerce Platform**: Designed and developed a full-stack e-commerce solution with a user-friendly interface and secure payment processing, resulting in a 50% increase in sales within the first quarter.
- **Web Application**: Collaborated in creating an interactive web application that facilitated real-time data updates and improved user experience.

- **Data Analytics Dashboard:** Developed a dashboard that consolidated various data sources, providing actionable insights for business development strategies.
 - **API Gateway:** Architected an API Gateway that improved the microservices architecture, resulting in a 40% reduction in system latency.
-

Certifications

- **Microsoft Azure Developer**
-

Education

Bachelor of Science in Computer Science

University of New York — New York, NY

Graduated: May 2019

- Relevant Coursework: Software Development, Data Structures, Algorithms, Database Management
