

April Nguyen

Email: bsmith@example.net

Location: Lake Justintown

Summary

Results-driven software developer with over 5 years of experience in building scalable web applications and API services. Proficient in a variety of programming languages and frameworks, with a strong focus on backend development and DevOps practices. Passionate about leveraging cloud technologies to enhance application performance and reliability. Seeking to contribute to innovative projects within a forward-thinking company.

Experience

Senior Software Developer

Tech Innovations Inc. — Lake Justintown, TX

June 2021 - Present

- Lead a team of 5 developers in the creation of a robust **API Gateway** that improved data retrieval times by 30%.
- Developed multiple microservices using **Django** and **FastAPI**, streamlining application workflows and enhancing performance.
- Implemented CI/CD pipelines using **Jenkins** and **Docker**, resulting in a 40% reduction in deployment time.
- Optimized database queries in **PostgreSQL**, achieving a 25% decrease in average query response times.

Software Developer

Web Solutions LLC — Lake Justintown, TX
January 2019 - May 2021

- Designed and developed a user-friendly **Web Application** using **Flask** and **React**, which was adopted by over 1,000 users in the first quarter post-launch.
 - Collaborated closely with front-end developers to integrate RESTful APIs, enhancing user experience and application responsiveness.
 - Spearheaded the migration of several legacy applications to **Docker** containers, improving scalability and ease of management.
-

Skills

- **Java:** Expert
 - **PostgreSQL:** Advanced
 - **Django:** Advanced
 - **DevOps:** Advanced
 - **FastAPI:** Advanced
 - **Flask:** Expert
 - **React:** Intermediate
 - **Docker:** Expert
 - **Python:** Expert
 - **Node.js:** Intermediate
 - **MongoDB:** Intermediate
 - **Jenkins:** Expert
-

Projects

- **API Gateway:** Developed a centralized API management system that allowed for efficient routing and monitoring of API calls, leading to improved system reliability and reduced latency.
 - **Web Application:** Created a dynamic web application for a local business, resulting in a 50% increase in online engagement and sales.
-

Certifications

- Google Cloud Professional
 - Microsoft Azure Developer
-

Education

Bachelor of Science in Computer Science

University of Lake Justintown — Lake Justintown, TX

Graduated: May 2018

- Focused on software engineering and cloud computing, completing projects that involved full-stack development and database management.
 - Participated in hackathons, winning 2nd place for a health tech application that utilized machine learning algorithms for patient data analysis.
-

Interests

In addition to my technical skills, I enjoy contributing to open-source projects and staying updated with the latest industry trends. I am also an avid hiker and enjoy exploring the outdoors in my free time.
