## Summary

Dynamic and detail-oriented programmer with over 5 years of experience in developing scalable web applications and mobile platforms. Proficient in a variety of programming languages and frameworks with a strong focus on user experience and performance optimization. Adept at collaborating with cross-functional teams to deliver high-quality software solutions. Passionate about learning new technologies and improving existing systems.

---

## Experience

### Software Engineer

Tech Innovators Inc. - Stevenbury, ST

January 2021 - Present

- Developed and maintained a **real-time chat system** that supports over 10,000 concurrent users using **FastAPI** and **Vue.js**, improving user engagement by 35%.
- Spearheaded the migration of legacy systems to a microservices architecture utilizing **Kubernetes**, reducing deployment times by 50% and increasing system reliability.
- Collaborated with the data analytics team to build a **data analytics dashboard** using **Django** and **MySQL**, providing insights that led to a 20% increase in sales through targeted marketing campaigns.

## Junior Developer

**Digital Solutions Corp.** - Stevenbury, ST

June 2018 - December 2020

- Contributed to the development of an **e-commerce platform** that processed over 1 million transactions in its first year, utilizing **JavaScript** and **Jenkins** for continuous integration.
  - Assisted in implementing version control with **Git**, ensuring code quality and reducing deployment errors significantly.
  - Enhanced application performance by optimizing database queries in **MySQL**, leading to a 40% improvement in load times.
- 

## Skills

- **JavaScript:** Expert
  - **Vue.js:** Advanced
  - **Django:** Advanced
  - **MySQL:** Advanced
  - **Jenkins:** Advanced
  - **Kubernetes:** Expert
  - **FastAPI:** Intermediate
  - **Rust:** Intermediate
  - **Git:** Intermediate
- 

## Projects

- **Mobile App:** Designed and developed a mobile application for managing personal finances, achieving 4.8 stars on the App Store with over 5,000 downloads.
- **Real-time Chat System:** Built a scalable chat application that integrates seamlessly with existing platforms, enhancing communication and collaboration within teams.
- **Data Analytics Dashboard:** Created a dashboard for visualizing key business metrics, leading to more informed decision-making and a 15% boost in operational efficiency.

- **E-commerce Platform:** Developed a full-featured online store, including payment integration and user authentication, resulting in a 25% increase in user retention.
- 

## Education

### Bachelor of Science in Computer Science

**University of Stevenbury** - Stevenbury, ST

*Graduated: May 2018*

- Relevant Coursework: Software Development, Database Management Systems, Web Technologies, Data Structures and Algorithms.
- 

## Certifications

- **Certified Kubernetes Administrator (CKA)** - 2022
  - **JavaScript Specialist Certification** - 2021
  - **Advanced Django Development** - 2020
- 

## Professional Affiliations

- Member of the **Stevenbury Developers Guild**
  - Active participant in **local hackathons** and coding meetups, promoting collaboration and knowledge sharing among developers.
