

Stephanie Schmitt MD

Email: robertdean@example.net

Location: Heatherchester

Summary

Dynamic and results-driven programmer with a strong background in developing scalable web applications and data-driven solutions. With a keen interest in leveraging advanced technologies, I aim to enhance user experiences and streamline operations. Proven ability to manage projects from conception through to deployment, and a strong collaborator in cross-functional teams.

Experience

Full Stack Developer

Tech Innovations Inc. - Heatherchester, NY

March 2021 - Present

- Developed a **Real-time Chat System** using **React** and **FastAPI**, improving user engagement by 30%.
- Led the development of an **E-commerce Platform** that integrated **MongoDB** for data management, resulting in a 25% increase in sales in the first quarter post-launch.
- Collaborated with UX/UI designers to create responsive designs, enhancing the overall user experience.
- Conducted code reviews and mentored junior developers to foster a culture of continuous improvement.

Software Engineer Intern

NextGen Solutions - Heatherchester, NY

June 2020 - February 2021

- Assisted in the development of web applications using **Django** and **TypeScript**, contributing to a 15% reduction in load times.
- Engaged in Agile methodologies,

participating in sprints and daily stand-ups to ensure project milestones were met. - Developed APIs for internal tools, streamlining workflow for data management processes.

Skills

- **React** (Advanced)
 - **C++** (Advanced)
 - **MongoDB** (Expert)
 - **FastAPI** (Intermediate)
 - **Django** (Intermediate)
 - **TypeScript** (Intermediate)
-

Projects

Real-time Chat System

- Developed a fully functional chat system with real-time messaging capabilities, allowing users to communicate seamlessly. - Utilized **React** for front-end development and **FastAPI** for backend services, achieving a responsive user interface and low latency.

E-commerce Platform

- Designed and implemented a robust e-commerce platform utilizing **MongoDB** for data storage and retrieval. - Integrated payment processing systems, resulting in a user-friendly checkout experience and a significant boost in customer satisfaction.

Certifications

- **Google Cloud Professional** - Certification obtained in 2022, demonstrating proficiency in managing and deploying applications on Google Cloud Platform.
-

Education

Bachelor of Science in Computer Science

Heatherchester University - Heatherchester, NY

Graduated: May 2020

- Relevant coursework: Data Structures, Web Development, Cloud Computing, Software Engineering
 - Capstone project focused on developing a machine learning model to predict user behavior on e-commerce platforms.
-

Additional Information

- Passionate about open-source projects and contributing to the developer community.
- Regular participant in local hackathons, often winning accolades for innovative solutions.
- Adept at problem-solving and quick to learn new technologies as needed.
