Summary

Passionate and results-driven software developer with over 5 years of experience in building robust applications and systems. Proficient in modern web technologies and cloud infrastructure, with a strong focus on delivering scalable solutions. Known for an analytical mindset and a commitment to continuous learning in the rapidly evolving tech landscape.

Experience

Senior Software Developer

Tech Innovations Inc., Sarahfort

June 2021 - Present

- Led the development of a **Real-time Chat System** using **Flask** and **Vue.js**, improving communication efficiency by 30% for over 500 active users. - Implemented continuous integration and delivery pipelines using **Docker** and **Kubernetes**, reducing deployment times by 40%. - Collaborated with cross-functional teams to integrate **AWS** services, enhancing system reliability and scalability.

Software Developer

Cloud Solutions LLC, Sarahfort

January 2018 - May 2021

- Developed a **Data Analytics Dashboard** that visualized key business metrics, resulting in a 25% increase in data-driven decision-making across departments. - Utilized **JavaScript** and **Redis** to optimize application performance, achieving a 15%

reduction in load times. - Participated in DevOps practices, managing infrastructure as code and automating deployment processes.

Skills

- **Git:** Expert
- **AWS:** Expert
- **Docker:** Advanced
- **Kubernetes:** Advanced
- **Flask:** Advanced
- **JavaScript:** Advanced
- **Machine Learning:** Intermediate
- **Rust:** Intermediate
- **DevOps:** Intermediate
- **Vue.js:** Intermediate
- **Redis:** Beginner

Projects

Real-time Chat System

- Developed a scalable chat application that allows users to communicate in real time. Utilized **Flask** for backend API development and **Vue.js** for a dynamic frontend experience.

Data Analytics Dashboard

- Created an interactive dashboard to visualize and analyze company data. Integrated various data sources and used **JavaScript** for frontend functionalities, resulting in enhanced analytics capabilities.

Certifications

- **Certified Kubernetes Administrator** (CKA)

Education

Bachelor of Science in Computer Science

University of Technology, Sarahfort

Graduated: May 2017

- Relevant Coursework: Data Structures, Algorithms, Web Development, Machine Learning
- Capstone Project: Developed a machine learning model to predict customer churn, achieving 85% accuracy.

Additional Information

- **Languages:** Fluent in English and Spanish
- **Hobbies:** Enjoys contributing to open-source projects and participating in local hackathons.
